We would like to acknowledge Karl Lovas and Healthy Kids Concepts for teaching the youth of today how to grow up healthy. The Healthy Kids Concepts Eat 5 Colors A Day program makes it easy for kids of any age to understand the importance of eating properly, and is designed in fun and exciting ways so they can take what they have learned home to their families. With the program's ongoing education in growing and eating the right foods, kids are given the tools they need to create long-lasting healthy habits that continue into their adult years.

Wasabi Publicity, Inc. and Yum Yum Dishes fully support Karl and Healthy Kids Concepts' mission and we are proud to play a part in their journey.

Sincerely,
